

ArtHouse Front of the Line Policy:

Over the last 12 years, ArtHouse has built a strong network of families throughout Halton that have been introduced to us through our many Neighbourhood and Community partners. As a charitable organization that is grateful for its generous financial supporters, we remain fully committed to directing their donations to programs that support children and youth residing within the Region of Halton and where cost may be a barrier. While we do not want to discourage anyone from registering, we know there may be disappointments and thank you for your understanding.
